

# NELCO DUCTMASTER™ SUPPORT WEBBING

*Flexible  
Alternative  
To Metal  
Strapping*

## Features:

- Low cost polypropylene monofilament conforms to UL 723
- Lightweight and easier to install than metal strapping
- Flexible strap readily conforms to shape of ducting

**Nelco DuctMaster™ Support Webbing** is a polypropylene monofilament webbing for hanging HVAC duct that can be attached to the support member using a nail. Lightweight and easier to install than metal strapping, this flexible strap readily conforms to the shape of ducting and can be cut with scissors.
